

Customers' Testimonials for A.E. Nicholas

June 12, 2011

Dear Chip,

Butch and I just wanted to thank you and commend your men and you on the wonderful job of transforming our home into a whole new look, we never thought it could happen, but with your help and insight on the matter, it is even more beautiful than we could have imagined and your "brain storm" on the steps the night before you poured them, are just beyond words.

You and the men you have are so polite, so courteous and were all so kind to let me take so many pictures and videos, you are simply "the best!"

We thank you again and if you ever need a recommendation, we are the ones to call! God bless all of you!!

With heartfelt gratitude and thanks,
Sincerely,
Butch and Roseann (Fischetti) Dillman

Dear Chip:

Susan and I wish to thank you and your employees for the outstanding job you did in connection with the concrete work you provided in our extensive back yard and pool area. Your guidance during the planning stage, the removal of the very large number of Omni stones, assisting us with selection of concrete color and finish and the excellent installation work by you and your crew were all exceptional. The final product is beautiful.

You have a talented crew with a great work ethic. The work was done in timely fashion and we never had to do any residual cleanup. Also, the work was done without any damage to our pool or gardens. We also appreciated the friendly tone and businesslike manner which you exhibited throughout.

Congratulations on a job well done from start to finish.

I would not hesitate to recommend you to others with confidence. You may feel free to share this letter with others.

Best regards,

Very truly yours,

Arnold B. Silverman

Dear Chip,

Lisa and I wanted to let you know we are very pleased with our new driveway and sidewalk. It has only been a few weeks and we have had numerous positive comments on our new concrete work. I also wanted to thank you for the recommendation for the 4-foot walkway for this makes entering and exiting the house much easier especially for 2 walking side-by-side. You and your team showed the very best in efficiency and quality. We noticed right from the beginning that A.E. Nicholas was the company for us. Everything from the proposals, contract changes, site prep work and finish work were completed in a very professional manner. I personally was amazed by the timeliness and team work you showed. Your team arrived at our home and knew exactly what was needed to be accomplished for the day. Then proceeded to work diligently until the days work was complete.

It was a pleasure working with you and if a need for concrete projects should arise in the future we will come directly to you. Thanks for the great work!

Sincerely,
Joe & Lisa Frank

Dear Chip,

We would like to express our excitement with the excellent job that you and your team completed at our house. The concrete work is beautiful and makes the house look brand new. The steps, porch, sidewalk and wall are gorgeous. We are proud to have visitors now and can't thank you enough. It was a pleasure working with you and your team. Everyone was extremely professional and the team work was outstanding. It was amazing how quickly the job was completed. Everyone always arrived early and worked efficiently the entire time. We were pleased with the way in which things were cleaned up after each day and at the completion of the job. We also appreciate your flexibility and realize that you did more work than originally expected. Your advice and expertise are greatly valued. Our expectations were exceeded. We would highly recommend your company to anyone looking for a quality concrete contractor.

Kind regards,
Jo and Al Ford

We wanted to take a few minutes to let you know how thrilled we are with our new driveway. What can we say, we LOVE it!! It is now such a pleasure walking, riding, and sledding on it!

You and your team were awesome to work with throughout the entire project. We were fortunate to have a break in your schedule that allowed the work to begin almost a month earlier than originally planned. Your crew arrived early each day and worked diligently to complete the job on schedule.

We were quite amazed at the speed at which the work progressed considering the size of the project - two large pads near the house and over 600 feet of driveway.

We have received so many compliments on the quality and appearance of the concrete work. The swirling patterns in the finish look as good today as they did the day the job was finished.

If you ever want to show a prospective customer what you and your crew can do with lots of concrete, please feel free to stop by and let them see your handiwork!

Again, it was a pleasure working with you and, rest assured, should we have a need for additional concrete work in the future, we will be looking you up!

Sincerely,

Randy & Roberta Caldwell

Dear Mr. Nicholas,

Greetings from the Plum Midget Football Association (PMFA)! What a fantastic job you and your crew did on laying the concrete for our new pavilion at our practice facility. Everyone continues to be amazed and impressed at the craftsmanship exhibited by the stamping work done to the concrete.

We look forward to much use of our new addition. It will provide a comfortable seating area for PMFA families to enjoy their food and other refreshments from the concession stand. The new pavilion will also offer an extended area in which to hold meetings or to sell our PMFA merchandise. For whatever the use, we are confident everyone will admire the work done on the cement floor of the pavilion.

PMFA strives to tap the talents of its members and fellow community neighbors to help make the organization a success. Your time and effort spent on making our new pavilion a "success" is much appreciated and will be treasured for years to come.

Thanks again for your support of our organization!

Sincerely,

Jim Fink, President
Plum Midget Football Association

Mr. Nicholas,

I would like to thank you and your entire crew for the great job that was done on my driveway and patio. I know that the job was small in comparison to most of the jobs your company does, but my home was treated as if it were a job that was ten times the size.

All the workers knew what they had to do and did their job efficiently and with professionalism. I have and will recommend your company to anyone needing any concrete work done.

Thank you and your crew for a job well done.

Janice Molchan

Murrysville, PA

Hi Chip,

We "LOVE" our stamped concrete upper level porch and the ground level patio! Thank you for your suggestions on what to choose for the color, texture and overall design.

You and your team do EXCELLENT work! You started our job on time without any delays plus we had no mess to clean up afterwards. Most of all the cost was reasonable.

We would be happy to show our results to any of your potential customers. No doubt we will highly recommend you and your company for any concrete job!

Thanks so much for enhancing our home with a BEAUTIFUL, PROFESSIONALLY DONE patio and porch!
